

Perryman Family Profile:

I am looking to host students. I have been hosting in my area since June of last year and have found it very rewarding. I have made a lot of new friends with these kids and enjoy teaching them about the film business. I am a single parent whose kids are grown. I have a daughter who is 25 and works in the entertainment business as well. My son is 22 and is an airline mechanic with Alaska/Horizon airlines. I have a 5 year old grandson who comes to visit often. I have lived in my home in Redondo for 13 years and have worked at Columbia Pictures for 17 years.

Hope to get the opportunity to host a great girl from another country. I have hosted Brazil, Spain, Sweden, France, Belgium, Russia, Japan and Austria. It has been a wonderful experience.

Thank you for your time.

Sincerely,

Perryman
